

# Amen Hallelujah

Jess Moskaluke

That six feet of beautiful walked on by  
And I turned my head and said: "My-O-Oh-My".  
A whole lot of rock with a little bit of roll  
Could he be my jagged john

Sway this way with my sexy hips  
The sway it always went  
He handed me a tequila shot  
And I thought there ain't nothing this boy don't go

Amen hallelujah  
It's just what I've been waiting for  
Amen hallelujah  
I can't wait for what's in store  
Can I get a Amen hallelujah  
He's \_\_\_ all I had before  
Amen hallelujah  
Wait  
Need I say more

Well we danced all night in that \_\_\_ joint  
We \_\_\_ some people point  
Held me close with his deep dark eyes  
The one that knew how to read my eyes

I climbed into my Pick-up Truck  
It was just before the sun got up  
Turned and saw that Stetson face and I said you wanna go back to my place

Amen hallelujah  
It's just what I've been waiting for  
Amen hallelujah  
I can't wait for what's in store  
Can I get a Amen hallelujah  
He's \_\_\_ all I had before  
Amen hallelujah  
Ladies  
Need I say more

Well oh my goodness oh my soul  
How much of this should I disclose  
Oh my goodness oh my soul  
Did someone teach him what he knows  
Oh my goodness oh my soul  
I think I might just lose control  
Amen
