

When He's Drunk

Jess Moskaluke

Eleven forty three on a Friday eve
Text from the ex that he's thinking bout me
Thought to myself well ain't that sweet of him
Let me tell you what's gonna happen next
Five minutes later get another message
One that says if I stop by will you let me in

I find it kind of funny
That he only loves me when he's drunk
Sippin' on some of that stuff
That's the only time he wants to fall into these arms of mine
When the buzz wears off he's hard to find
Now he's saying that he wants me
But he only loves me when he's drunk

Told him not to come but he showed up anyway
Told him that's a game that I ain't gonna play
Been there done that got the shirt threw it back

He ain't getting nothin
Cause he only loves me when he's drunk
Sippin' on some of that stuff
That's the only time he wants to fall into these arms of mine
When the buzz wears off he's hard to find
Now he's saying that he wants me
But he only loves me when he's drunk

Saying that he's lonely
But he only loves me

When he's drunk
Sippin' on some of that stuff
That's the only time he wants to fall into these arms of mine
When the buzz wears off he's hard to find
Now he's saying that he wants me
Acting like he's lonely
But he ain't getting nothin'
Cause he only loves me when he's drunk

Oh when he's drunk
When he's drunk
