

Get Your Shine On

Jesse McCartney

Everybody here is feeling your vibe
eyes glued, hands up
'cause you're doin it right
Everybody gets their chance to shine
So, dont be shy now

Did you know that everyone's a star?
Big time, it dont matter who you are
Flip the beat and we're switchin it up
Yeah it's your time to...

Get your get your...
Get your shine on

Get your get your...
get your shine on

Get your get your...
get your shine on
Too hot.. too hot

Get your get your...
get your shine on

Get your get your...
get your shine on

Get your get your...
get your shine on

Dont stop Dont stop...

What you doin up agaisnt the wall?
You know you wanna dance
Or you wouldnt be here at all
Everybody's got it goin on and on and on
It's on tonight, yeah

Show a little...
You know I like it when you...
Everybody wanna...

Get your get your...
Get your shine on

Get your get your...
get your shine on

Get your get your...
get your shine on
Too hot.. too hot

Get your get your...
get your shine on

Get your get your...
get your shine on

Get your get your...
get your shine on

Dont stop Dont stop...

Everybody
It's time to party
Time to show what you can do.

Everyone should
It makes you feel good
You can... you will... you know...
You've got the moves
Oh, c'mon
Get your get your...
Get your shine on

Get your get your...
get your shine on

Get your get your...
get your shine on
Too hot.. too hot

Get your get your...
get your shine on

Get your get your...
get your shine on

Get your get your...
get your shine on

Dont stop Dont stop...
