

# Oxygen

Jesse McCartney

Baby you're a star  
Unrolling out the red carpet for you on the floor  
Cuz independent everything  
I'm gonna give you when you come to my door  
And I made you the air I'm taking  
Without you I'm suffocating I can't let you go  
Cuz everything as I don't need around me  
I've been hooked since you found me  
Baby look how I'm diving below

Girl you are my oxygen  
Girl you are my oxygen  
Girl you are my oxygen  
Girl you are my oxygen  
Girl you are my oxygen  
Girl you are my oxygen  
Girl you are my oxygen yeah  
Without you don't think I can live no  
Cuz baby I'm your advocate yeah  
Girl you are my oxygen whoa

What good are money and clothes  
And million dollar homes  
If I ain't got you around  
Cuz see the thought of you gone  
Leaving me here all alone  
The tears start rollin down  
Let me kiss your fingertips and your lips  
Baby it's something I can't live without  
Cuz everyone else around  
Don't mean a thing I got everything I need  
Baby in your love I'm swimming out

Girl you are my oxygen  
Girl you are my oxygen  
Girl you are my oxygen  
Girl you are my oxygen  
Girl you are my oxygen  
Girl you are my oxygen  
Girl you are my oxygen yeah  
Without you don't think I can live no  
Cuz baby I'm your advocate yeah  
Girl you are my oxygen whoa

One second without you know that I'd die for sure  
On depending on you I can't do this on my own

Everything else I can do without I hope you know  
You are my oxygen without you I couldn't live

Oh who oh who oh who u huh (2x)

Girl you are my oxygen  
Girl you are my oxygen  
Girl you are my oxygen  
Girl you are my oxygen  
Girl you are my oxygen

Girl you are my oxygen  
Girl you are my oxygen yeah  
Without you don't think I can live no  
Cuz baby I'm your advocate yeah  
Girl you are my oxygen whoa

Oxygen oh who Oxygen oh who Oxygen oh who ah huh (2x)

I can't breathe (2x)
