

Let Go

Jesse Powell

I know that you need me, mmm
So baby I dare
You to release it
Baby you know that I'll take you there
You want me, sexually, ooh
You know I'll go all the way
So baby don't tease me, ooh
It wouldn't be fair
I can see that you're feelin'
Every time that I touch you there
Nothing is wrong with gettin' it on
Ooh, let's go
Let's flow, baby it's been too long

Baby just let go (let go), and don't fight (baby don't you fight it)
Ah, baby 'cause I know
(I know all the things you like)
If you just...
Let go, baby it's alright
'Cause I wanna groove with you
Wanna lay with you
Whatever you want me to do

Baby I'll love you, like a good wine
Work on you slowly
Baby you know that I'll take my time
I know you've got a little freak in you
Ooh, I'm down, right now
For whatever you choose

Baby just let go (let go), and don't fight (baby don't you fight it)
Ah, baby 'cause I know
(I know all the things you like)
If you just...
Let go, baby it's alright
'Cause I wanna groove with you
Wanna lay with you
Whatever you want me to do

Come on baby you can't hold out forever
Don't you wanna taste of my love, my love
You know I won't let you down, baby
If you just let go
I'll show you right now

So how are you feelin', mmm
Was it alright
Was I what you been needin'
Baby you can't hold the love inside
You and me can make a little history
Ooh, baby let's make love all night (all night)

Baby just let go (let go), and don't fight (baby don't you fight it)
Ah, baby 'cause I know
(I know all the things you like)
If you just...
Let go, baby it's alright

'Cause I wanna groove with you
Wanna lay with you
Whatever you want me to do
