

## Come On In

Jessi Colter

If you've traveled too far  
Come on in  
If it's broken your heart  
Come on in  
If the one that you've walked with  
Left you cold and alone  
Take a hand  
Gather around  
Come on in

(3x)

Come on in. We've all been waiting  
Don't you see someone  
You used to know?  
For each and every one here  
Came down that same dark road  
Take a hand, gather around  
Come on in
