

# Cry Softly

Jessi Colter

[Chorus]

Cry softly move slowly  
Away from the man standing there  
Don't let the people around to see  
How much he's made you care  
They won't understand why you love such a man  
Who takes love and gives only tears  
Cry cry softly for the man one hundred years

[Verse]

He was the first to make you see  
What lovin' a man to woman could be  
His love lifted you so high  
And then he left you down

[Chorus]
