

I Thought I Heard You Calling My Name

Jessi Colter

You said good-bye to me this morning
With only these words to explain
You say you found someone you love better
But I still hear your voice call my name

I thought I heard you calling my name
Funny I still feel this way
Your voice sounds so near but I knew
That by now you were many miles away

I walk through the streets of the city
People passing by think it's so strange
I'm talking but there's no one here beside me
And I thought I heard you call my name

I thought I heard you calling my name
Oh funny how I still feel this way
Your voice sounds so close but I know
That by now you were many miles away

I thought I heard you calling my name
Funny how I still feel this way
Your voice sounds so close but I know
You were many miles away.
