

Paradise

Jessica Lowndes

Well, is it love
Got me running away
Afraid to say I felt the same
Is it fate
Who showed me the way
To your heart, against the grain

'Cause I searched everywhere for love
I thought I'd never find
Until I looked into your eyes
And found

Paradise, some beautiful
Paradise, just you and I, yeah
Paradise, some wonderful
Paradise

Well, this is real
I'm not playing pretend
Do you feel
Heart's beating out of my chest

'Cause I searched everywhere for the love
I thought I'd never find
I see stars falling from your eyes

Paradise, some beautiful
Paradise, just you and I, yeah
Paradise, some wonderful
Paradise

Don't go, stay here
I want love, I need it
Don't go, stay here
I want love, I need it
Don't go, stay here
I want love, I need it
Don't go, stay here
Some beautiful

Paradise, some beautiful
Paradise, just you and I, yeah
Paradise, some wonderful
Paradise
