

Us

Jessica Sanchez

Done
I tried to numb the pain
That only we
Could ever change

Still we're running every day
I wanna know
Why we're afraid

Can we believe again
If it was just for a day
Would we still feel the same

Can we believe
In justice today
Would we still be the same

If all of us
Could see that
No one's to blame

If all of us
Realized our hearts
Beat the same

I won't
Stop to try and break
The chains that hold us in our place
Until we're getting stronger every day
I wanna know
Is this our fate

Can we believe again
If it was just for a day
Would we still feel the same

Can we believe
In justice today
Would we still be the same

If all of us
Could see that
No one's to blame

If all of us
Realized our hearts
Beat the same

Can we believe again
If it was just for a day
Would we still feel the same

If all of us
Could see that
No one's to blame

If all of us

Realized our hearts
Beat the same
