

# Walkin' 'Round in a Circle

Jessica Simpson

Life is a curve ball  
Thrown with the wild arm  
And if I'm going to swing in, I must get motivated  
Instead of lying in my bed  
I'm like a train wreck, trucking down a fast hill  
Heartbreak is overrated  
If I dry the tears now  
I can get a head start out the door

I never loved the sun until the rain  
I'll never get anywhere if I stay on a same place  
Always afraid I'm

Gonna just get stuck in a dream  
Where the answer's clear but no one knows it  
It's like a toss up, I gotta get off here  
'Cause I'm tired of emotions

I'm blue no more  
Walkin' round in a circle  
Deja vu no more  
Walkin' round in a circle

Being redundant is never the one trick I ever want to master  
One quirk can get me focused  
'Cause the start of a circle is also the ending  
One door has to close before the next can open  
Gotta give my own life  
My whole life is a given one sweet goal

I never loved the sun until the rain  
I'll never get anywhere if I stay on a same place  
Always afraid I'm...

And I just get stuck in a dream  
Where the answer's clear but no one knows it  
It's like a toss up, I gotta get off here  
'Cause I'm tired of emotions

I'm blue no more  
Walkin' round in a circle  
Deja vu no more  
Walkin' round in a circle

How can I be my best, there's never fail  
How can I ever find peace if I never yell  
I gotta be stronger  
I can't let cold wind blow me on a cold night  
I follow the skyline and I am no longer

Stuck in a dream  
Where the answer's clear but no one knows it  
It's like a toss up, I gotta get off here  
'Cause I'm tired of emotions

I'm blue no more  
Walkin' round in a circle

Deja vu no more  
Walkin' round in a circle
