If I Was A Man

J Sutta

If I was a man just for a day
I'd take my time on you
That's what a man would do
If I was a man just for a day
And once I had my way
I'd get up, get up and walk away

Uhh, Monday night
Tuesday night
Friday night
Every night
Why?
Cause I can

New York and Japan
Put the stuff up in the land
After all
I'm a man

I'll get to know your family
Get Yo friends to fall in love with me
Just happens all so easily
Ea-si-ly

I'll have you thinking I'm the one
You play the part I play along
We can have a lot of fun
Until I'm done

I can lie and hide and fool your heart
If I was a man
For a day if I was a man

Paint it out like a work of art
If I was a man
For a day if I was a man

I turn it on
Turn it off
Tuturn out
Turn it up
Why?
Cause I can

It's no sweat
Give the check
Show respect
Don't forget you'll pay me later
That's the plan

I'll get to know your family
Get Yo friends to fall in love with me
Just happens all so easily
Ea-si-ly

I'll have you thinking I'm the one
You play the part I play along

We can have a lot of fun
It's a plan

I can lie and hide and fool your heart
If I was a man
For a day if I was a man

Paint it out like a work of art
If I was a man
For a day if I was a man

If I was a man just for a day
I'd take my time on you
That's what a man would do
If I was a man just for a day
And once I had my way
I'd get up, get up and walk away

I can lie and hide and fool your heart
If I was a man
For a day if I was a man

Paint it out like a work of art
If I was a man
For a day if I was a man

I can lie and hide and fool your heart
If I was a man
For a day if I was a man

Paint it out like a work of art
If I was a man
For a day if I was a man

Oooohhh Oooohhh

I'd take my time on you
That's what a man would do

Oooohhh Oooohhh

And once I had my way
I'd get up, get up and walk away

Oooohhh Oooohhh

I'd take my time on you
That's what a man would do

Oooohhh Oooohhh

And once I had my way
I'd get up, get up and walk away
