```
I'm moody
I'm messy
I leave my own coffee cups on the sink
But you're cool
And you help me
And keep myself together when I go crazy
You got me wondering
Why you picked, picked a girl like me
Tell me why
Tell me why
Did you pick, pick a girl like me?
Tell me why
Why
Did you pick, pick a girl like me?
When I feel lost
I feel mental
You just tell me, "Baby, you created special"
You make me feel pretty
When I feel ugly
And you always have my back when everyone's out to get me
You got me wondering
Why you picked, picked a girl like me
Come on now...
Tell me why
Tell me why
Did you pick, pick a girl like me?
Tell me why
Tell me why
Did you pick, pick a girl like me?
Everybody wants you
All the girls love you
But here you are
You're only looking at me
And you got me wondering
Why you picked, picked a girl like me
Hit me with that solo...
Hey
Hev
Tell me baby
Why did you pick a girl like me?
Tell me why
Tell me why
Did you pick, pick a girl like me?
Tell me why
Tell me why
Did you pick, pick a girl like me?
```

Неу...
