

# Southern Girl City Lights

Jessie James Decker

Uh, that Tennessee breeze  
Ain't nothing like being home  
Kissing on you and iced tea  
But when I've gotta leave  
I take a little bit of you  
And then some on the plane with me

I fly-y-y-y  
Over the sky-y-y line

I'm a Southern Girl (Southern Girl)  
And City Lights (City Lights)  
No matter where I go (matter where I go)  
I keep my head on right (keep my head on right)  
And those Hollywood Hills (Hollywood Hills)  
And those New York nights (New York nights)  
I still look up (still look up)  
With stars in my eyes (in my eyes)  
'Cause I'm a Southern Girl (Southern Girl)  
City Lights but there's no place like home  
No place like home

Uh, I'm looking at the moon  
And now you're looking up  
Thinking about Neptune  
But hey, although I'm far away  
I'm living my dream  
I'll be home in a couple days

I fly-y-y-y  
Over the sky-y-y line

I'm a Southern Girl (Southern Girl)  
And City Lights (City Lights)  
No matter where I go (matter where I go)  
I keep my head on right (keep my head on right)  
And those Hollywood Hills (Hollywood Hills)  
And those New York nights (New York nights)  
I still look up (still look up)  
With stars in my eyes (in my eyes)  
'Cause I'm a Southern Girl (Southern Girl)  
City Lights but there's no place like home  
No place like home

Oh oh, you're still good to me  
Letting me live out my dream

I'm a Southern Girl City Lights  
And no matter where I go, yeah  
I keep you in my mind  
And those Hollywood Hills  
And those New York nights  
I still look up  
With stars in my eyes  
'Cause I'm a Southern Girl  
City Lights but there's no place like home  
No place like home (Southern Girl, City Lights)

(Southern Girl, City Lights) Uh uh  
(Southern Girl, City Lights) Uh uh  
(Southern Girl, City Lights) Uh uh
