

Read My Lips

Jessie Ware

If you wanna know the truth
Read my lips
'Cause they're telling you to make your move
Read my lips

We've been talking for a while, boy
I got your message on my phone
I need to talk to you face to face 'cause
I don't wanna be alone

If you wanna know the truth
Read my lips
'Cause they're telling you to make your move
Steal a kiss
Words are never enough, my only wish
Is you forget about the things I say
Read my lips

It seems that you're a little shy, boy
But you keep answering my call
And you and me can talk for hours and hours
Not saying anything at all

If you wanna know the truth
Read my lips
'Cause they're telling you to make your move
Steal a kiss
Words are never enough, my only wish
Is you forget about the things I say
Read my lips

Don't you know I need you so
Read my lips, I can't let go
Don't you know I need you so
Read my lips, I can't let go

And now you're looking in my eyes, boy
And my tongue is getting tied
I've been waiting for this moment, darling
Feel the heat is getting higher and higher

If you wanna know the truth
Read my lips
'Cause they're telling you to make your move
Steal a kiss
Words are never enough, my only wish
Is you forget about the things I say
Read my lips

I'm waiting here for you, oh
I'm waiting here for you
Yeah, I'll wait here for you, baby
If you want me to
I'm waiting here for you all night (don't you know, I need you so)
Waiting here for you (read my lips, I can't let go)
If only you could read my mind, baby (don't you know, I need you so)
Then you would see (Read my lips, I can't let go)

Huh, you and me were meant to be
