

What's Your Pleasure?

Jessie Ware

I can tell we've got potential
Is this love too hot to handle?
Make a wish, blow out my candle
Make a wish for me

Show me you can listen closely
Tell me you can take it slowly
That's the way to get to know me
Get to know me

I know the way to make you happy
I give you love, you give it back to me
Who can deny this perfect symmetry?
Just what I need
Just what I need
Come on now

Push. Press. More. Less.
Here together
What's your pleasure?
Stop. Go. Fast. Slow.
Here together
What's your pleasure?
Here together
What's your pleasure?
Here together
What's your pleasure?

Look so pretty dancing sideways
On the floor, your clockwork timing
Spin me 'round so I'm unwinding
Can you tell it's real?

I know the way to make you happy
I give you love, you give it back to me
Who can deny this perfect symmetry?
Just what we need
Just what we need
Come on now

Push. Press. More. Less.
Here together
What's your pleasure?
Stop. Go. Fast. Slow.
Here together
What's your pleasure?
Here together
What's your pleasure?
Here together
What's your pleasure?

I know the way to make you happy
I give you love, you give it back to me
I know the way to make you happy
I give you love, you give it back to me
I know the way to make you happy
I give you love, you give it back to me

I know the way to make you happy
I give you love, you give it back to me
I know the way to make you happy
I give you love, you give it back to me
I know the way to make you happy
I give you love, you give it back to me
I know the way to make you happy
I give you love, you give it back to me
I know the way to make you happy
