

Opiate Sun

Jesu

Teach me all you know
Before you let me go
I'll see it on the way
Take the dark out my days

I'll keep the faith now
Do you feel the same way
Outside these walls - light
Now I see through your sight

They're resisting how they're feeling.
They'll just blindly keep believing.
They're resisting how they're feeling.
They'll just blindly keep believing.
