

# However You Want

Jesus Culture

No matter what it looks like  
I just want You, want You  
In every space of my life  
I invite You, invite You

Like a fire, like a flood  
Come however You want  
However You want  
With Your power, with Your love  
Come however You want  
However You want

You're breaking all the boxes  
Tearing down the walls, the walls  
You have no limitations  
You exceed them all  
You exceed them all

Like a fire, like a flood  
Come however You want  
However You want  
With Your power, with Your love  
Come however You want  
However You want  
Like a fire, like a flood  
Come however You want  
However You want  
With Your power, with Your love  
Come however You want  
However You want

Faith fills the atmosphere  
We know that You are here  
Heaven has come to earth  
Rebuild every story  
Release miracles
