

Oh, How We Want You to Come

Jesus Culture

Oh how we want You to come
Oh how we want You to come
Oh how we want You to come, Lord
How we want You to come

We invite Your presence into this place, O God
Sing it out in your own words
Invite Him

Oh how we want You to come
Oh how we want You to come
We're desperate for You tonight, Lord
Oh how we want You to come
Oh how we want You to come

We're not gonna wait for the preppy praise songs
We're gonna seek You right now, Lord
We're gonna see You right where we're at
'Cause we're here for You tonight
We're here for You

Oh how we want You to come
Oh how we want You to come
We wanna be with You tonight
Oh how we want You to come
Oh how we want You to come
Oh how we want You to come
Oh how we want You to come
We love Your presence, love Your presence
Oh how we want You to come
Oh how we want You to come
Every voice singing it out, singing it out
Oh how we want You to come
Oh how we want You to come
Just come, Lord

Come Jesus
Come Lord Jesus
In all Your power, reign with Your glory tonight

Oh how we want You to come
Oh how we want You to come
Lord, we wanna see Your face tonight
Oh how we want You to come
Oh how we want You to come, Lord
Come, Lord

Let's lift up a shout right now
Right where you're at
Say God, "Enslave me tonight
Enslave me tonight, God"
We wanna see Your presence tonight, God
We wanna see You tonight
We wanna see You tonight
We wanna be ruined for everything but You tonight, God
Send Your presence
Send Your fire tonight

Send Your fire on us tonight
We wanna see You face to face tonight, God
Let's sing it out, one more time, every voice

Oh how we want You to come
Oh how we want You to come
Oh how we want You to come
Oh how we want You to come
Oh how we want You to come
Oh how we want You to come, Lord
We want You to come
Oh how we want You to come
Oh how we want You to come
