

## Prayer

Jesus Culture

God, I'll pray You'll just  
Awaken the worship within us, God  
Awaken the worship with us more  
Don't let us be silent anymore, God  
We say yes, God  
We say yes to worshiping You  
We're not gonna keep quiet anymore  
We're not gonna hide anymore  
We're coming out  
We're gonna worship You with all of our hearts  
We're gonna wake up our campuses  
We're gonna wake up our cities  
We say "Yes  
Yes, God"  
Awaken the worship  
Awaken the worship and the praise God  
We love You
