

That Boy Is A Long Story

Jill Johnson

That boy sneaking in the backdoor
that boy knows his way around the dark
that is a creaking down my wood floor
that boy is always scratching at my heart

that boy sneaking in the backdoor
that boy knows his way around the dark
that boy is a creaking down my wood floor
that boy is always scratching at my heart

That boy is a lifetime movie
got a different ending everyday
that boy just does it for me
that boy is a long story

That boy leaves me hanging off the edges
but he keeps me coming back for more
I believe in love the way he says it
So I'm never gonna win this war

That boy is a lifetime movie
got a different ending everyday
that boy just does it for me
that boy is a long story

oh oh oh you know I love
oh oh oh you know I love that boy

That boy is a lifetime movie
got a different ending everyday
that boy just does it for me
that boy is a long story

oh oh oh you know I love
oh oh oh you know I love that boy
