

# Top Of The World

Jill Johnson

I was born to play guitar  
Now they say that I'm a star  
I remember mama told me  
Don't lose sight of who you are (oh)

I've been around the world and back  
Like hanging on to a roller coaster ride  
A little bit of good and bad  
And something on the side

So you think you know all of me  
But I won't back down until I make you see  
There's more to me than meets the eye

I'm gonna make it all the way  
Gonna make it all the way  
I've come too far to go astray  
I walked on, I'm still going  
I'm gonna make it all the way  
Gonna make it all the way  
I'm not gonna stop until the day  
I'm standing on top of the world

Oh no it's not a mystery  
Been doing this since I was three  
Never really had to learn it  
Rock n' Roll came easily (oh)

I've been around the world and back  
So many getting to knows and letting goes  
I got my own direction  
Whichever way the wind blows (oh)  
I gotta be a charming devil  
And even though the sweetest angel's got her show  
I lost and found me on the road

I'm gonna make it all the way  
Gonna make it all the way  
I've come too far to go astray  
I walked on, I'm still going  
I'm gonna make it all the way  
Gonna make it all the way  
I'm not gonna stop until the day  
I'm standing on top of the world

When I'm getting there  
I'm gonna soak it in  
Gonna give some back  
Cause I've got so much to show

Ooh, I've been around the world and back  
Like hanging on to a roller coaster ride  
A little bitt of good and bad  
And something on the side  
Oh you think you know all of me  
But I won't back down until I make you see  
There's more to me than meets the eye

I'm gonna make it all the way  
Gonna make it all the way  
I've come too far to go astray  
I walked on, I'm still going  
I'm gonna make it all the way  
Gonna make it all the way  
I'm not gonna stop until the day  
I'm standing on top of the world

I'm gonna make it all the way  
Gonna make it all the way  
I've come too far to go astray  
I walked on, I'm still going  
I'm gonna make it all the way  
Gonna make it all the way  
I'm not gonna stop until the day  
I'm standing on top of the world
