Gotta Let Me Go

Jimi Blue

I – know youve been waiting for my call
I – said im gettin back at you an
I – know that we spoke about it all
I – I had some days to think it through

Girl Ive been waiting
just to hear your voice
tell me what am i to do when
finally – you dare come closer
while im movin away from you

let me go, let me go, let me go
dont u know, dont u know, dont u know
let it go, let it go, let it go
I guess this romance is over

You gotta let me go
you kept me waitin much too long
you gotta let me go
you kept me waitin much too long
you gotta let me go
girl – girl you gotta let me go

I cannot understand what you askin
I always tried to make you feel right
I try to make you feel what i feel too
but u dont wanna have a real man
but u dont wanna be alone – no

Let me go, let me go, let me go
dont u know, dont u know, dont u know
let it go, let it go, let it go
i guess this romance is over
