

# In the Hills of Tennessee

Jimmie Rodgers

You were right, I was wrong, guess you knew it right along  
Sycamore tree, sycamore tree  
Tell the folks; tell the shack, that my heart is dragging me back  
Sycamore tree, tell 'em for me

I know I'm goin' to find my Paradise Lost in the hills of Tennessee  
I know I'm goin' to find my Seventh Heaven; it's just a cabin,  
my Seventh Heaven  
There's a little angel waitin' down there with a little pray'r  
for me  
And the sun shines bright in my lonely heart tonight

I know I'm goin' to find my Paradise Lost in the hills of Tennessee

In the hills of Tennessee

I know I'm goin' to find my Paradise Lost in the hills of Tennessee  
I know I'm goin' to find my Seventh Heaven; it's just a cabin,  
my Seventh Heaven  
There's a little angel waitin' down there with a little pray'r  
for me  
And the sun shines bright in my lonely heart tonight  
I know I'm goin' to find my Paradise Lost in the hills of Tennessee
