Because You Wanted It

Jimmy Barnes

I heard a rumour yesterday
I don't believe a word they say
All that I can do is pray
You're not wanting it this way

I try my best to stay alive I'm alone most of the time Got to try and make you stay Because I wanted it this way

I put my heart into your hand But you don't seem to understand You can still push me away Because you wanted it this way

I heard a rumour yesterday
I don't believe a word they say
All that I can do is pray
You're not wanting it this way
