

# One of a Kind

Jimmy Barnes

Take a run and jump, straight up front  
Maybe I'm just a bit too blunt  
Broke my back, it all turned black  
I wasn't ready for your love attack  
Tried to please, baby on your knees  
Your love is good. make a blind man see  
Came and went, all been spent  
Girl your lovin' must be devil sent

Didn't want to get in too deep  
And now my hands are tied  
Never meet a girl who looked so good  
With such an appetite

Girl your one of a kind  
Won't wait any time  
I've got to get my hands on you  
'Cause I can tell you're something special  
Girl your one of a kind  
Won't wait any time  
I've got to get my hands on you  
'Cause I can tell you're something special

Tight skirts, like a flirt  
She don't stop till it starts to hurt  
She's sweet, what a treat  
Got to get her into my back seat  
Too bad I've been had

If I'd have missed out I'd have be real sad  
In need of help can't you tell  
You know your lovin' is an endless well

Like to give you more now baby  
But my hands are tied  
No excuse 'cause it ain't no use  
I got no alibis

Girl your one of a kind  
Won't wait any time  
I've got to get my hands on you  
'Cause I can tell you're something special  
Girl your one of a kind  
Won't wait any time  
I've got to get my hands on you  
'Cause I can tell you're something special

Don't waste any time, 'cause I'm losing my mind  
Say you'll be mine, it's a matter of time  
'Cause I can tell you're something special
