

Keep Your Eyes On The Sparrow

Jimmy Cliff

Ooooooooooooo
Ooooooooooooo
Ooooooooooooo
Here I stand
With my head down in my hand
Wondering
What on earth I have done wrong
There,, 's a cloud
That has overshadowed me
Blocks the light
From my eyes I can not see
But I know
Just where I want a be
Right or wrong I,, 've got to face my destiny
Somebody tell me to
Keep your eyes on the sparrow
Keep your eyes on the sparrow
Watch yourself
What you do
Mind your back
What you choose
For tomorrow
Ooooooooooooo
Ooooooooooooo
One more thing
I see people
Going places every day
I see their faces
But they never look my way
Where,, 's the key
That should unlock the door
I,, 'm sitting here
By myself
On the floor
Yes I know
Just where I want to be
But how many times must I die

Before I,, 'm set free
Somebody tell me to
Keep your eyes on the sparrow
Keep your eyes on the sparrow
Watch your self
What you do
Mind your back
What your choose
For tomorrow
Ooooooooooooo
Ooooooooooooo
Ooooooooooooo
Ooooooooooooo
Ooooooooooooo
Here I stand
With my head down in my hand
Wondering
What on earth I have done wrong
There,, 's a cloud

That has overshadowed me
Blocks the light
From my eyes I can not see
But I know
Just where I want a be
Right or wrong I,¢ve got to face my destiny
Somebody tell me to
Keep your eyes on the sparrow
Keep your eyes on the sparrow
Keep your eyes on the sparrow
Keep it on Keep it on
Keep your eyes on the sparrow 7x
