

# Look At The Mountains

Jimmy Cliff

Mama look at the mountain  
Papa look at the sea  
Mama look at the mountain  
Papa look at the sky  
I'm going up there  
I'm going up there  
Who's coming with me

You know Faith  
Can move mountain  
Honey, if you try  
I say Faith  
Can move mountain  
Baby, it's no lie  
If i lose one eye  
I still got one left to see  
If i lose one leg  
I still got one left to climb

Mama look at the mountain  
Papa look at the sea  
Mama look at the mountain  
Papa look at the sky  
I'm going up there  
I'm going up there  
Who's coming with me

You know life  
It's what you make it  
And I'm gonna make it good  
Things don't always turn up the way they should  
But I'm not prepared to take it  
No, no, no, no, no  
They can move mountain  
Honey, if you try  
Faith can move mountain  
Baby, it's no lie

Mama look at the mountain  
Papa look at the sea  
Mama look at the mountain  
Papa look at the sky  
I'm going up there  
I'm going up there  
Who's coming with me

Mama look  
Mama look at the mountain  
Mama look  
Mama look at the mountain  
Mama look  
Mama look at the mountain  
Papa look  
Papa look at the mountain
