

The City

Jimmy Cliff

Welcome to the city
Neon light look pretty
N e thing can happen
But you just dont know when
n e thing you want noww
Just dont say you cant u ahh.

Get your duets up beat up
Coz man it can get real rough

Newyork newyork newyork newyork city now

So welcome to the city
Kay are thick and sticky
Some of us r victims
Caught up in the system
Here comes just another pace
Rushing in the rat race

Yes it is a jungle
Get ready to rumble now

Feeling the city vibes
Fighting to stay alive
Some of us just love it
Some cant rise above it.
Someone sticking on my sleeve
Making it so hard to leave
Oh i miss the nature of the country
Till i see my future in the city now
