

# What Are You Doing With Your Life

Jimmy Cliff

What are you doing with your life?  
What are you doing with your life?  
What are you doing with your life?  
What are you doing with your life?

You've got one life to live so live it positively  
Make sure all you do is based on reality  
Live your life as it was your last  
And live your life as it was forever

You've got a place a in the sun  
Don't let anyone take your crown  
You've got a right to be here  
Let nothing stop you, let no one put you down

What are you doing with your life?  
What are you doing with your life?  
You've got to know what you're doing with your life  
You've got to know what you're doing with your life  
What are you doing with your life?

Don't be no empty tin can to be kicked around  
By anyone in any place or in any town  
Your conscience is your guide and there is nothing to hide  
Let peace and love abide and they will stand by your side

What are you doing with your life?  
What are you doing with your life?  
You've got know what you're doing with your life  
What are you doing with your life?

You've got a place a in the sun  
Don't let anyone take your crown  
You've got a right to be here  
Let nothing stop you, let no one put you down
