

## Arkansas

Jimmy McCracklin

I don't want the city woman, she all too fast  
Give me a slow country girl with a lot of class  
So I'm going, it's just a hop a skip and a jump  
Arkansas here I come, it's just a hop a skip and a jump  
Now if I can't live independent, why live like a bum  
It's just a hop a skip and a jump

Now when I get to the country gone build me a house and fence  
Me and my country girl won't pay no rent  
So I'm going, it's just a hop a skip and a jump  
Arkansas here I come, it's just a hop a skip and a jump  
Now if I can't live independent, why live like a bum  
It's just a hop a skip and a jump

Now when I get to the country, where I made my start  
I'll take my girl and love her to her heart  
I'm going, it's just a hop a skip and a jump  
Arkansas here I come, it's just a hop a skip and a jump  
Now if I can't live independent, why live like a bum  
It's just a hop a skip and a jump

Now when I get to the country, gone buy a house and fence  
Me, my little girl won't pay no rent  
I'm going, it's just a hop a skip and a jump  
Arkansas here I come, it's just a hop a skip and a jump  
Now if I can't live independent, why live like a bum  
It's just a hop a skip and a jump

It's just a hop a skip and a jump (4x)  
Now if I can't live independent, why live like a bum  
It's just a hop a skip and a jump
