

# Georgia Slop

Jimmy McCracklin

Now way down south where I made my start  
They do a dance down there called the Georgia Slop  
They all hang out at pet leg Lee's  
And they don't give a hoop about no police  
Peg leg Lee's where I'm talking about  
Where they knock down kick and drag them out

The get paid on Friday when they work all done  
And they all do it up until Monday come  
When they do that flop they turn loose hands  
And do they feet like a chicken when they scratching in sand  
Peg leg Lee's where I'm talking about  
Where they knock down kick and drag them out

On Saturday night they all get knocked out  
And when Sunday come they all would shout  
Monday morning when the sun is bright  
They all talk about what happened Saturday night  
Peg leg Lee's where I'm talking about  
Where they knock down kick and drag them out

I stopped to get a soda and see fat jive  
I met a chick she weighed about 385  
I started to look and I couldn't stop  
And she and I got together and did the Georgia Slop  
Peg leg Lee's where I'm talking about  
Where they knock down kick and drag them out
