

# Yesterday Is Gone

Jimmy McCracklin

I don't even want to talk about it  
It's just one of those things  
Trouble and more heartache, is all it will bring  
So let's think of our future, and leave bygones alone  
And talk about tomorrow, yesterday is gone

I know just how you feel baby (I know, I know)  
But it's all said and done  
You said yourself there was nothing (I know, I know)  
Love can't overcome (ooh's)  
So let's think of our future, and leave bygones alone  
And talk about tomorrow (ooh's)  
Yesterday is gone (yesterday is gone)

Short music break

Bridge  
(I just can't forget the past) (Although it's been so long)  
All I really want to do, is just love you from now on  
(I just can't forget the past) (What should we do from now on)  
Baby let me tell you, we should think of tomorrow  
Yesterday is gone (yesterday is gone)

Now there's some lies to what you say  
Although I'll admit some things are true  
But what does that got to do with  
You loving me and my loving you  
So let's think of our future (do do's)  
And leave bygones alone (do do's)  
And talk about tomorrow (ooh's)  
Yesterday is gone (yesterday is gone)
