

Calling Out Your Name

Jimmy Nail

What do you do
When it hurts
When the kids
Call you names ?
Nobody wants to know you
They won't let you join in all their games
And what will you do
When the man in the moon goes away ?
And leaves your little world in darkness
Hiding from the night time until the day

You can come to me,
I'll know what to do
And if I don't I'll pretend or I'll lie for you
But I'll be there for you
Forever
Until the day I die

Right there by your side,
To keep you safe and warm
Glad to be your shelter from the storm
Yes I'll be there for you
Forever
Until the day I die

And what will you do when you've grown
And flown away ?
Where will the four winds take you ?
Will they bring you back to me someday ?
And what will you do
When the one that you love breaks your heart ?
You have to pick up all the pieces
But you don't know just where to start

You can come to me,
I'll know what to do
And if I don't I'll pretend or I'll lie for you
But I'll be there for you
Forever
Until the day I die

Right there by your side
To catch you when you fall
And put you back together
Whether-with-all
Yes I'll be there for you for always
Until the day I die

Until the day I die
I'll be there
Until the day I die
Until the day I die
I promise
Until the day I die
