What do you do when it hurts when the kids
Call you names ?
Nobody wants to know you and they won't let you
Join in all their games
And what will you do when the man in the moon
Goes away ?
And leaves your little world in darkness
Hiding from the nightmare until the day

You can come to me, I'll know what to do
And if I don't I'll pretend or I'll lie for you
But I'll be there for you forever
Until the day I dle
Right there by your slde,
To keep you safe and warm
Glad to be your shelter from the storm
Yes I'll be there for you forever
Until the day I die

What will you do when you've grown and Flown away?
Where wlll the four winds take you?
And will they bring you back to me someday?
And what will you do when the one that you love Breaks your heart?
You have to pick up all the pieces
But you don't know just where to start

You can come to me, I'll know what to do
And if I don't I'll pretend or I'll lie for you
But I'll be there for you forever
Until the day I die
Right there by your side
To catch you when you fall
And put you back together whether-with-all
Yes I'll be there for you forever
Until the day I die

Until the day I die I'll be there until the day I dle

Until the day I die I promise until the day I die
