

# Pretty Thing

Jimmy Reed

Pretty Baby, pretty baby  
Pretty baby say you're mine  
Pretty Baby, pretty baby  
Pretty baby know you're fine

But you keep me worried  
In the blues all the time  
I'm gonna leave here walking  
Honey I might get a ride

I'm gonna leave here walking  
Honey might I get a ride  
Gonna find another one  
And I'll be satisfied

You Keep on knocking baby  
Honey knock on my door  
You Keep on knocking baby  
Honey knock on my door

But you Won't be worried  
With the blues anymore  
Shame shame baby  
Honey run by my door

Shame shame baby  
Honey run by my door  
But it keep me worried  
Where my baby wanna go

Pretty thing pretty thing  
Pretty thing stay all night  
Pretty baby pretty baby  
Pretty babe you're mine

But you keep me worried  
With the blues all the time

Tell me baby  
Darling when you're comin' home  
Tell me baby  
Darling when you're comin' back home

But you know I love you  
You're the one I have

Good bye baby  
Honey knocked at your door  
Good bye baby  
Honey knocked at your door  
But I won't be worried  
With the worries blue no more
