

That's All I'll Ever Need

Jimmy Wayne

I've got sun on my face
I've got food
I've got clothes
And a place where I can lay my head
I've got friends
Family
And the freedom to hope and to dream
As big as I want to
And I've got you

That's all I'll ever need
Who could ever ask for more?
I've got it all
What everybody wishes for
I thank God everyday
For the blessings this life brings
And sending your love
That's all I'll ever need

I don't have lots of fame
And I won't be the biggest of names
Up on the marquee sign
But I've got this guitar
I've got songs that I wrote from my heart
And people to sing 'em to
And I've got you

That's all I'll ever need
Who could ever ask for more?
I've got it all
What everybody wishes for
I thank God everyday
For the blessings this life brings
And sending your love
That's all I'll ever need

It's the little things
Like when you smile at me
That's all I'll ever need
I've got it all
Oh yeah

That's all I'll ever need
Who could ever ask for more?
I've got it all
What everybody wishes for
I thank God everyday
For the blessings this life brings
And sending your love
That's all I'll ever need

I've got sun on my face
I've got food
I've got clothes
I've got you
That's all I'll ever need
