

Trespassin'

Jimmy Wayne

Cool river
Hot august night
Her sweet body next to mine
Lonesome whistle
Moans in the distance
Young hearts poundin'
No resistance

There was a sign on the fence
But we found our way in
Didn't feel wrong
Spent all night long trespassin'

Jealous moon sneakin' through the trees
Cattails whisper in the midnight breeze
Tangled hair
Tremblin' hands
The whole town sleeps while shadows dance

There was a sign on the fence
But we found our way in
Didn't feel wrong
Spent all night long trespassin'

Forgotten secrets
Race through my mind
Leave me wonderin' where she is tonight

There was a sign on the fence
But we found our way in
Didn't feel wrong
Spent all night long trespassin' (trespassin')

'cmon now
