

Hottest Girl In The World

JLS

Can I talk to you?
'Cause there's something I should say
Girl I'm so confused, is he your boyfriend?
If I jump the gun put me right back in my place
Can I kiss and run, like I'm your boyfriend?

I can be your boyfriend, I can be your lover
Take it how you want girl, treat you like no other
Say, I can be your boyfriend, I can be your lover
Take it how you want girl, treat you like no other

If you should ever wonder why these dudes have formed a line
It's 'cause they see the sexiness that's finally been defined

How does it feel to be the hottest girl in the world right now, world right now?
How does it feel to be the hottest girl in the world right now, world right now?
You got something no other girl's like that
I wanna touch you so tell me how
How does it feel to be the hottest girl in the world right now, world right now?
How does it feel to be the hottest girl in the world right now, world right now?

Ha ha
You know it's funny 'cause you have no idea

I ain't givin' up, so I gotta know your name
Think I talked enough
So what are you saying, girl?
I can be your Mr Right, or I can be your Mr Right Now
Either way girl, let's just shut this down

I can be your boyfriend, I can be your lover
Take it how you want girl, treat you like no other
Say, I can be your boyfriend, I can be your lover
Take it how you want girl, treat you like no other

If you should ever wonder why these dudes have formed a line
It's 'cause they see the sexiness that's finally been defined

How does it feel to be the hottest girl in the world right now, world right now?
How does it feel to be the hottest girl in the world right now, world right now?
You got something no other girl's like that
I wanna touch you so tell me how
How does it feel to be the hottest girl in the world right now, world right now?
How does it feel to be the hottest girl in the world right now, world right now?

Is it cool if I get real close?
Raise a glass. Can I make a toast
To the girl, the most beautiful
I've ever seen in my whole life, ever?

I say how does it feel

How does it feel to be the hottest girl in the world right now, world right now?
