

# Mary

JLS

You used to turn away  
Whenever I had caught your stare  
I know sometimes I made you feel as if you wasn't there  
Girl you made such an effort  
Just to get my attention  
How can you blame me baby, cause I didn't know  
Girl you never told me, tell me why, oh why

Mary  
I know that you want me  
So I'm saying I'm sorry  
That I never gave you time  
Mary  
To see your heart, ay  
But It's time we should say  
I can never be the man that you need

Sometimes I wish on stars that we could have lived on mars  
There would be no temptation, that's just imagination  
Baby because of Lisa, or was it down to Yesha  
If you'd had fought your corner, we'd be happy ever after  
So save your questions, cause there ain't no answers  
I can't help, you're on your own

Mary  
I know that you want me  
So I'm saying I'm sorry  
That I never gave you time  
Mary  
To see your heart, ay  
But It's time we should say  
I can never be the man that you need

Mary  
I wish you'd have said something  
How was I supposed to know?  
I'm sorry for how I treated you, and kept you hanging  
I guess you've gotta be cruel to be kind  
I'm sorry

Mary  
I know that you want me  
So I'm saying I'm sorry  
That I never gave you time  
Mary  
To see your heart, ay  
But It's time we should say  
I can never be the man that you need

I know that you want me  
So I'm saying I'm sorry  
That I never gave you time  
Mary  
To see your heart, ay  
But It's time we should say  
I can never be the man that you need

Mary

I know that you want me

So I'm saying I'm sorry

That I never gave you time

Mary

To see your heart, ay

But It's time we should say

I can never be the man that you need
