Money (money money)
Yeah, yeah, yeah, yeah
Yeah, yeah
Yeah, yeah, yeah, yeah
Money
Yeah, yeah

Money make the world go round
Money buy you diamond rings
Money gonna bring me down, just thinkin' bout the things I need
But ain't it funny? That nothin' in this life comes free
So I'm chasin' money, cause you know it doesn't grow on trees
No, money doesn't grow on trees, money doesn't grow on trees
Ain't it funny? That money doesn't grow on trees
Money (money money money)

No matter what you think
Things are never easy
They say that cash is king
And that you'll never stop needing ends
Your money, your money
No matter what, I need those
I needs those ends

Money such a sweet sweet sound
Just thinkin' bout the finer things
Money gonna turn you out
Forget everything that you believe
Ain't it funny? That nothing in this life comes free
So I'm chasin' money, cuz you know it doesn't grow on trees

No matter what you think
Things are never easy
They say that cash is king
And that you'll never stop needing ends
(Can't kick the habbit)
Ends
(Just gotta have it)

Money make the world go round
Money make the world go round
(No matter what)
Money make the world go round
(No matter what)
Money make the world go round
(No matter what)

No matter what you think
It's never easy
Cash is king
And you'll never stop needing
Ends
(Money)
Said I won't ever stop, no
Ends
Said I won't ever stop

I gotta get that cream
C'mon baby don't tease me
See, I want everything
And I'll never stop needing
Ends
(Can't kick the habit)
Ends
(Just gotta have it)
