Best Of Friends

Joan Baez

We may not always be the best of lovers But if you leave it to me I think I can see We'll always be the best of friends

And one day when I am old and on the porch With knittings around my knees you hear me say Excuse me please, but aren't you the one And wasn't it fun way back when

Or maybe in a year you'll reappear And if that should come true I'd throw my arms around you and watch you smile Just for awhile once again

We may not always be the best of lovers But if you leave it to me I think I can see We'll always be the best of friends

La la la The best of friends La la la The best of friends La la la
