

Royal Tea

Joe Bonamassa

(Royal tea)
Story about my past and future
(Royal tea)
Had to bow to kiss her
I done give you life
All first class
Let you make your own photographs
Chandeliers and crazy cars
Paid in full with my guitars

(Royal tea)
Wake up in your garden
(Royal tea)
Champagne from the fountain
Bring me back, keep me gone
Reel me in and waste my life all the time
Royal tea

(Royal tea)
And check out your future
(Royal tea)
Gettin' away with murder
Breaking hearts 'round this town
Making fools of all you clowns
Razor's edge, my life's a beam
The likes of which you've never seen

(Royal tea)
Wake up in your garden
(Royal tea)
Champagne from the fountain
Bring me back, keep me gone
Reel me in and waste my life all the time
Royal tea

(Royal tea)
Wake up in your garden
(Royal tea)
Champagne from the fountain
Hiding out in your palace
Diamonds dipping from your chalice
The honey's sweet but the bees will sting
At the door of your reckoning

(Royal tea)
Wake up in your garden
(Royal tea)
Champagne from the fountain
Bring me back, keep me gone
Reel me in and waste my life all the time
