You're a mystery to me
You make your own reality
And I wonder who you are beneath your skin
Guess I'll never know for sure

But I was safe behind my door Can't think how I let you talk your way back in Should have known better then But I know better now

You can't hurt me anymore
I'm not the fool I was before
I ain't gonna cry again
I don't believe the lies you tell
So take your heart and go to hell
'Cause I ain't gonna cry again

You think I need you but I don't
You think I'll break down but I won't
You've had everything you're gonna get from me
Saw your pleasure in my pain

And it released me from my chains And I woke up to my own insanity Waiting for changes that were Never gonna come

You can't hurt me anymore
I'm not the fool I was before
I ain't gonna cry again
I don't believe the lies you tell
So take your heart and go to hell
'Cause I ain't gonna cry again
I ain't gonna cry again

Now that I see you're twisted I don't know how I missed it before Maybe that's what drew me to you But this is now and that was then You'll never make me cry again Should have known better then But I know better now

You can't hurt me anymore
I'm not the fool I was before
I ain't gonna cry again
I don't believe the lies you tell
So take your heart and go to hell
'Cause I ain't gonna cry again
