

# Loving You Tonight

Joe Cocker

The full moon's glowing  
Blood red in the sky  
It hangs like fire  
On this winter's night  
I sit on feelings  
That hang in suspense  
Nothing in my life makes sense

A question mark hangs with the stars up above  
As I'm driving home to the one that I love  
Sometimes I can't see the trees for the wood  
Loving you tonight feels good [2x]  
Loving you tonight [2x]

The moonlight changes  
From red into white  
It sits on treetops  
Asleep for the night  
I see the signpost  
The road slowly bends  
Nothing in my life makes sense

A flashing tail light speeds across the sky  
My head's cooking trouble as thoughts seem to fry  
The last temptation was misunderstood  
Loving you tonight feels good [2x]  
Loving you tonight [2x]

I'm faced with the ultimate truth  
What if I see that things don't improve  
I know they could  
Loving you tonight feels good [3x]

The sun is rising  
There's mist all around  
She sleeps beside me  
And I feel so proud  
Am I in heaven  
With her by my side  
This is how love feels tonight  
Loving you tonight  
Loving you tonight
