

Night Calls

Joe Cocker

Am **G**
The night gang started working
F **Esus**
Laid a mile of solid road
Dm **C**
As I watched, I got to thinking
Esus **Am**
You ain't never coming home.
G
I looked out into nowhere
F **Esus**
There was nobody at all
Dm **C**
To get me help, to get me to you
Esus **Am**
I'm here making night calls.

A **C#m** **D** **C** **E**
R: Night calls, making night calls
A **C#m** **D** **C** **E**
Night calls, making night calls.

A **G** **A**
I have, I have tried so hard to reach you
G **A**
But you must be moving fast
D **C**
All my hopes about the future
B **E**
They'll just move on into the past.
Am **G**
You know it just ain't easy
F **Esus**
As the twilight starts to fade
Dm **C**
Sitting here on a chair I'm wondering
Esus **Am**
Thinking of the plans we made.

R: Night calls...
