

# She Don't Mind

Joe Cocker

She don't mind if I'm half crazy  
She don't mind if I get lazy  
She don't care if I get hazy the backsheesh on the wall  
She don't mind if I get creepy  
She don't mind if I get dreamy  
She don't care if I get seamy about the jukebox in the hall  
She don't mind if I start fusin'  
She don't mind if I get bluesin'  
She don't mind if I star loosin' all I had before  
She don't mind if I start brievin'  
She don't mind if I start season  
She don't mind if I start believin' somebody's opened the door

Oh sweet baby love  
You're comin' on just like you care  
Mind about my head  
Doin' everything you always said  
That you do

She don't mind if I'm half crazy  
She don't mind if I go lazy  
She don't mind if I get hazy about the jukebox on the wall  
She don't mind if I get creepy  
She don't mind if I get dreamy  
She don't mind if I can't see me about the things I did before  
She don't mind  
She don't mind  
She don't mind
