

# This Is Your Life

Joe Cocker

Gotta give it up, gotta let it go  
'Cause hangin' on like this  
Only breaks the flow

Gotta act as if it's all for the best  
'Cause maybe it is and if it is  
It's worth the test

You gotta pick your battles  
You gotta let 'em roll  
You gotta dig down deep  
And let it touch your soul

'Cause this is your life  
This is your day  
Ain't no dress rehearsal, girl  
So get outta your way

Smell the roses, dig the ride  
You can't take it with you  
When you say goodbye  
'Cause this is your life  
This is your life

Get outta your head  
Get into your heart  
Forgive and forget, baby  
You take too hard

'Cause time is flyin'  
Time won't wait  
I've seen it all  
Make no mistake

This is your life  
This is your day  
Ain't no dress rehearsal, girl  
So get outta your way

Smell the roses  
Dig the ride  
You can't take it with you  
When you say goodbye

You can sit there in your cloud  
Or you can open up your eyes  
Right now and you'll see  
I'll be the first so trust me

Gotta give it up, gotta let it go  
'Cause hangin' on like this  
Only breaks the flow

This is your life  
This is your day  
Ain't no dress rehearsal, girl  
So get outta your way

Smell the roses  
Dig the ride  
You can't take it with you  
When you say goodbye

This is your life  
Give it all what you got, girl  
This is your life, baby  
This is your life
