

I Ain't Leavin' 'Til She's Gone

Joe Diffie

Buddy give me a bottle
I'm gonna drink it dry
Then I'll fill it back up
With the tears I cry
Gonna stay in this barroom
All night, 'til dawn
'Cause all she left me when she left
Was alone
I ain't leavin' 'til she's gone
She won't leave, 'til I get stoned
I'm gonna sit here on this stool
'Til her burnin' memory cools
Friend, you can call someone to take me home
'Cause, I ain't leavin' 'til she's gone
When you're down in the whiskey
It's a long way up
When one drink's too many
And ten ain't enough
Oh, but she's still here
So, I'll have one more
I'll just hang around
'Til they close the door
I ain't leavin' 'til she's gone
She won't leave, 'til I get stoned
I'm gonna sit here on this stool
'Til her burnin' memory cools
Friend, you can call someone to take me home
'Cause, I ain't leavin' 'til she's gone
I'm gonna sit here on this stool
'Til her burnin' memory cools
Friend, you can call someone to take me home
'Cause, I ain't leavin' 'til she's gone
