

# Still Alive

Joe Jackson

You turned me upside down and turned my insides out  
But that's alright  
You made me laugh then made me cry then made me shout  
But that's alright  
But something keeps on beating in there  
I guess my heart survived  
I know I said I couldn't live without you  
But I'm still alive

Still alive  
Still alive

You took me out there on a trip that tripped me out  
But that's alright  
I'm still confused about what it was all about  
But that's alright  
They say it's better to be travelling than to arrive  
But then they said I couldn't live without you  
But I'm still alive

Still alive  
Still alive

In the beginning we were there till the end of time  
It isn't sinning to prepare for the kind of murder  
That's not a crime

I guess I knew you guessed I knew when we were through  
But that's alright  
I'd tell you what to do if I could tell what's true  
But that's alright  
I think I'd better think it over  
For a year or five  
But then I thought I couldn't live without you  
And I'm still alive
